

UPDATE (03/23/2020)

Per CDC guidelines,

WE ARE OPEN FOR EYE HEALTH AND VISION EMERGENCIES ONLY

If you have eyeglasses or contacts to pick up and are unable to come by the office, we will gladly make arrangements to deliver them to you. You can call our office to confirm that your order is ready and arrange for payment if you have not already pre-paid for your order.

We are asking that if you are not having any vision or eye health problems, to postpone scheduling your appointment until the threat of the COVID-19 virus has subsided.

If you are a contact lens wearer and currently have less than a 3 month supply left, we highly recommend that you place an order now and we will send them directly to you with no charge for shipping. Please call to order contacts and we will make sure that we have your current address on file and arrange for payment.

We will also extend contact lens prescription expiration dates on a case by case basis.

Please call us at 281-461-3937 for any questions, contact orders or eye issues.

Blessings to you and your family,

Dr. Maxwell-Malik and Dr. Malik and staff
